

PIK TRIK

ALEKSANDAR & MARKO

ILLUSIONIST DUO

Magic. Mentalism. Technology.

ABOUT US

ALEKSANDAR & MARKO, BELGRADE

We're Aleksandar and Marko, a duo from Belgrade with 10 years in magic and more than 100 performances behind us.

We perform magic and mentalism, and we're into technology too. Alongside cards, coins and rings, our shows use mobile phones, artificial intelligence and digital tools. Guests take part, we do the tricks, and there's plenty of room for a laugh.

We perform regularly at Belgrade's La Variete cabaret and Barić cocktail bar, as well as at corporate events, private parties and weddings. We adapt the show to the audience and to what's happening at your event.

WHY BOOK PIK TRIK?

01 WE BREAK THE ICE

When a trick happens in someone's hands, conversation tends to follow. Guests who have just met suddenly have something to talk about.

02 WE FILL THE GAPS

Waiting for the food? The next part of the evening hasn't started yet? That's when we join the guests for some close-up magic.

03 WE WORK WITH YOUR SPACE

A birthday for 15 or a company event for 300. We choose the format to suit the number of guests, the venue and the schedule.

04 GUESTS ARE PART OF THE SHOW

They sign the cards, lend us objects and make their own choices. They can keep their signed card. At company events, taking part can also give guests a reason to share the experience or follow your social media.

SHOW FORMATS

From table to table.

CLOSE-UP

We join small groups and perform just inches from the guests. Cards, coins, rings, calculators and mobile phones are all part of the act, along with mentalism involving PIN numbers guests have in mind.

One show for everyone.

STAGE SHOW

A stage performance with a PA system. We combine humour, mentalism and visual illusions, with the audience actively involved. Part of the show can be built around you or your company.

Close-up + stage show.

COMBINED SHOW

Close-up among the guests and a show for the whole audience in one programme. We agree the order and timing with you to fit the way your event is organised.
